Our Troop will be helping out with the Sportsman's Raffle in several ways.

1. Scouts will be helping by collecting the tickets and separating them so the winners can be drawn
2. Scouts will be helping at the beverage tables in both of the large rooms. They will be putting ice in cups and pouring soda. The full cups will be set up on the table for attendees to take when they want a drink.
3. Scouts will be monitoring the garbage cans and will be emptying them by taking the full bags out to the dumpsters and replacing new bags in the cans as needed.

Scouts and adults who are participating will be provided dinner at 4:00

Scouts and all adults who have them should wear their Scout uniform to this event.

We have several Scouts who will be at their OA Induction weekend so we need everyone to help out with this event if possible. Please sign up using our Sign up sheet.

FREDONIA UNIVERSITY

HAND-BUILT CEDAR STRIP CANOE

The Design

This boat is a cedar strip canoe, which describes the method of construction. The design is referred to as Nipmuc, after indigenous Algonquian peoples of New England.

Special Features

The shape & beauty of this canoe is defined by its wood core. It is fiberglassed inside and out, imbuing it with strength and protection from the sun's UV rays. As a result this canoe requires significantly less maintenance than a wood boat.

DONATION PER ENTRY

All contributions will go toward the support of the Allegheny Highlands Council, BSA and their mission to support Scouting throughout the region.
